

RCA

20F500TDV

20" (Diagonal) TruFlat™
TV/DVD/VHS Combo with 4-Head
Stereo Hi-Fi and mp3

Features

TruFlat™ Picture Tube

DVD/Audio CD/CD-R/mp3 Playback

4-Head Stereo HI-Fi VHS

Comb Filter

Stereo Front and Rear Audio/Video Inputs with Digital Audio Output

Dolby Digital² and DTS³ Compatible
(with Dolby Digital ready audio equipment^{2*})

Low Noise Pre-Amplifier

Benefits

Reduces peripheral screen reflections & glare by over 60% compared to standard tubes. Offers a wider effective viewing area from any angle. Detail clarity adds realism.

Incorporates the newest electronic software to allow wider compatibility with CD-R and mp3 audio playback.

Incredible stereo audio reproduction. Two of the four high speed rotating audio heads helically scan the video tape to create stereo sound with dramatic range.

Separates black-and-white detail from color information to virtually eliminate edge crawls and rainbow effects while enhancing picture resolution.

Simplifies connecting other components such as a home audio system, game system, digital camera, etc.

Plays full 6-channel 5.1 channel audio via the optical digital output. Full 2-channel Dolby² Pro Logic down mix for full compatibility with Pro Logic audio equipment.

Minimizes both audio and video noise. Pre-recorded movies sound richer, clearer, and more distinctive.

20F500TDV
